NEW DONOR REGISTRATION

- **SELF-REGISTRATION.** Donors complete their own demographic and medical history details online at their own convenience.
- **MULTI-LINGUAL.** English and Spanish options available, other languages can be added on demand.
- **CONDITIONAL FLAGGING.** Set specific alerts (i.e. high blood pressure) for coordinators when forms are completed.
- **COORDINATOR NOTIFICATION.** Coordinators are notified via email as registration forms are completed.

UNOS FOLLOW-UP FORMS

- **FACILITATE FORM COMPLETION.** Save time scheduling and tracking down donors by automating the follow-up process.
- **DONOR NOTIFICATION.** Donors receive email reminders to complete follow-up forms based on organ extraction date and are linked to the site to complete the form.
- **COORDINATOR NOTIFICATION.** Coordinators are notified via email as follow-up forms are completed.
- **COMPLIANCE.** TeleResults keeps forms in sync with changes made by UNOS.

FEATURES

- **SAFE AND SECURE.** Portal is managed and hosted by TeleResults, no on-site servers needed.
- **CUSTOMIZATION.** Center's existing website graphics and branding are incorporated for a seamless integrated experience.
- **DONOR DASHBOARD.** Live statuses maintained for all registered donors and forms. Coordinators can run filtered form and user reports from this dashboard.
- **EMR INTEGRATION.** Ability to import data from completed forms directly into TeleResults Presidio and other EMRs.
- **RESEARCH.** Aggregated living donor data can assist centers in completing outreach studies and other research reports.
